SWACHH BHARAT MISSION

The Swachh Bharat Mission- Gramin (SBM-G) is a sanitation programme for rural areas which aims at providing access to sanitation facilities and eradicating the practice of open defecation by 2019.

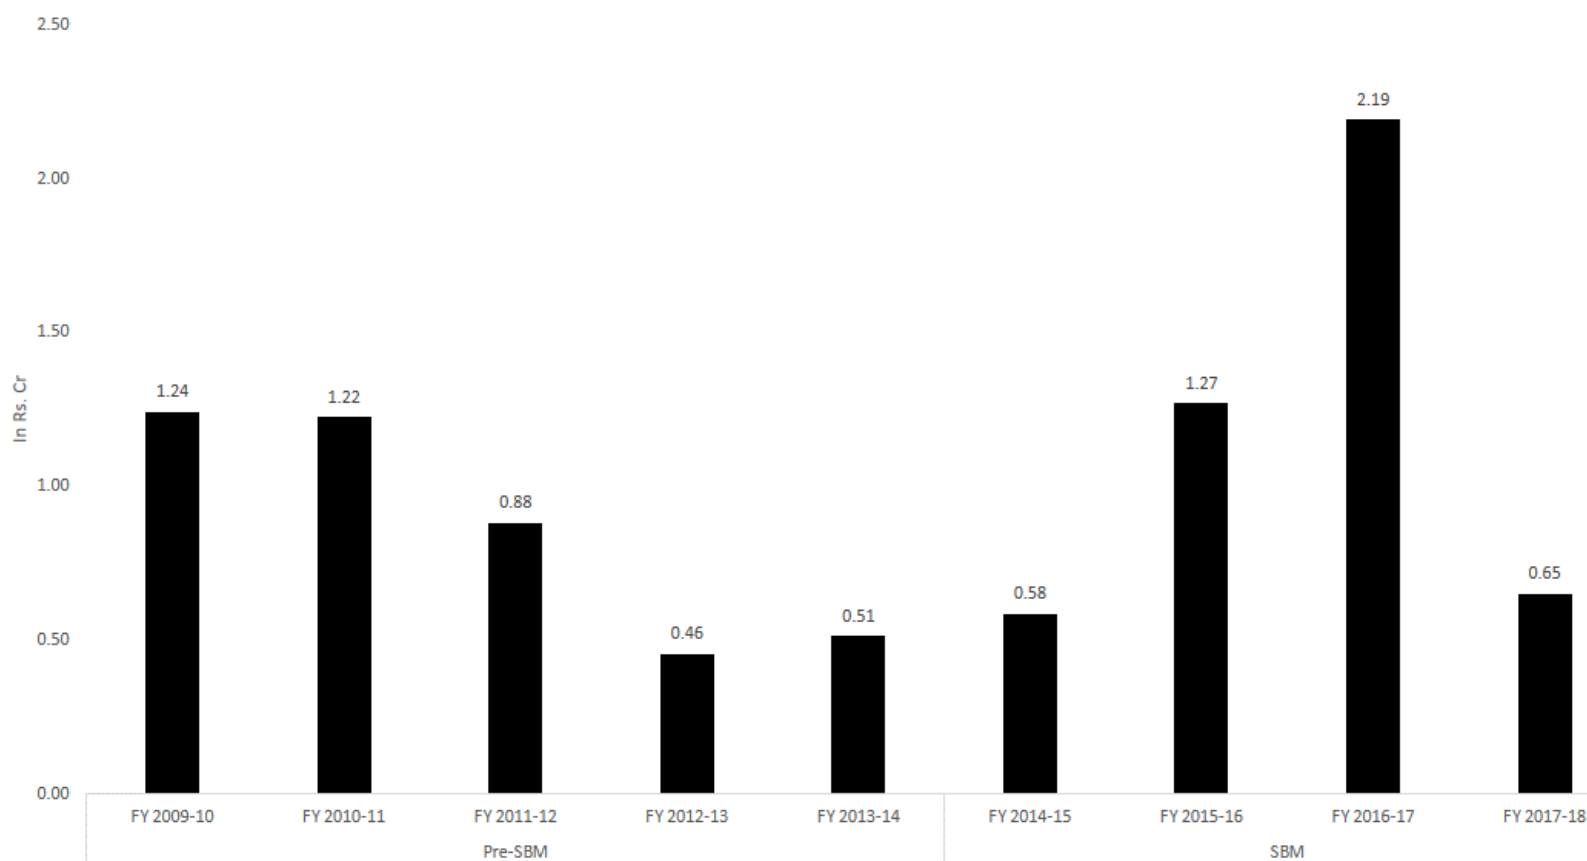

Swachh Bharat Mission- Gramin has set itself a target of constructing 8.84 crore individual toilets. Till 12 August 2017,

SBM- Gramin has met 52% of its target

NUMBER OF TOILETS CONSTRUCTED (IN CRORES)

There has been a significant increase in the construction of individual household toilets in rural areas in the last 2 years.

2,31,076 villages across India have declared themselves as being Open Defecation Free (ODF). Only 55% of them have been verified.

The number of ODF villages has registered a five fold increase from 47,819 in 2015-16.
